Her corsage was of lavender, sweet peas and Marooned Nell roses. By Madame Marie

YOU can excel in attractiveness just as you could in music or in art—if you will simply have patience, give your skin daily attention, and use pure and sensible toilet preparations. Here are some tested creams and beauty aids that you can easily mix at home.

two tablespoonfuls of glycerine and mix in a pint of water. You will see a tremendous difference in your complexion in a very few days.

**A Home Made Hair Tonic**  
After using this simple and remarkable application for a short time you will find a tremendous difference in the length of your hair. It will be glossy, full of life, and it will stop falling. To a half pint of water add a half pint of bay rum and one ounce of beta-quinol, obtained from the drug store for about half a dollar. This makes over a pint of this remarkable hair tonic. You may use a full pint of witchhazel if you prefer it instead of the water and bay rum.

**Ever Hear of Dissolving Blackheads?**  
You will never get rid of blackheads by pinching them, or by face-painting. Here is a remarkable method, instantly successful. Sprinkle some acetone on a wet cloth. Then rub the blackheads with this for a few moments. You will find that they will all vanish very quickly. Any drugstore can supply you with the acetone for fifty cents.

**For a Shampoo**  
Just buy a twenty-five cent package of egg and dissolve it in hot water as you need it. This is far better than soap.

**For a Visiting Cream**  
Get from your druggist two ounces of apricot and mix with one tablespoonful of glycerine in half a pint of water. The rich cream which is the result makes the skin plump and vigorous, almost baby-like, and causes even deep wrinkles to disappear in quiet time. The hair just shines for about fifty cents and you probably already have enough glycerine.

**A Hair Remover Used Like a Skin Lotion**  
You'll see how wonderfully easy it is to get rid of any superfluous hairs by simply moistening them with milk solution. Two hairs just disappear away, and the skin is left smooth and white.

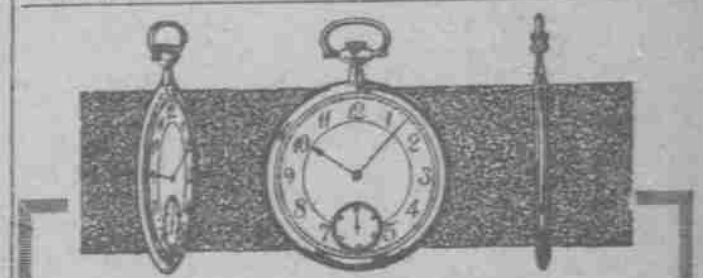

This comes usually in original bottles selling for a dollar, and is not advisable to use a cheap imitator.

**Here Is Another Fine Cream**  
But this one is especially for blemishes, freckles, muddy and yellow skin. To one ounce of starch, costing about fifty cents at any drug store, add
